

Welbilt, Spiderweb

She's got legs to pull me in
Eyes can see in every direction
Takes her time in the afternoon
Spinning in the corner
Of my room

Just a fly in a spider's web
8 reasons dancing they play with my head
One kiss and I'm here to stay
Cause I'll be here awhile anyway

And I said I'm sorry for getting so tied up
Thought saying hello just wouldn't be enough
Tangled and twisted I couldn't resist
The beautiful mess that I'm in

She's got sweet potion in her lips
The silk flows out from those fingertips
Wraps me up and it draws me in
And she lets go
She does it all over again

And I said I'm sorry for getting so tied up
A thought saying hello just wouldn't be enough
Tangled and twisted couldn't resist
This beautiful mess that I'm in

It's a beautiful beautiful beautiful mess I'm in

Just a fly in a spider's web
8 reasons dancing they play with my head
One kiss and I'm here to stay
Cause I'll be here awhile anyway

And I said I'm sorry for getting so tied up
I thought saying hello just wouldn't be enough
Tangled and twisted I couldn't resist
This beautiful mess that I'm in oh that I'm in
It's a beautiful beautiful beautiful mess that I'm in

It's a beautiful beautiful beautiful mess that I'm in
