

Wendy And Lisa, Blues Away

Can you see the lightning coming
Free the child from pain and suffering

If you're afraid
Don't be sorry
Leave no trace
Love the blues away

See the tears of man and dreams
(Hold him close)
Hold him close to set him free
(Blues away)

If you're afraid
Don't be sorry
Leave no trace
Love the blues away

Blood-red hues from blue-grey screams
(Leave no trace)
Blood-red truth of shattered dreams
(Blues away)

If you're afraid
Don't be sorry
Leave no trace
Love the blues away

White and black don't want to see the
Danger if they don't agree

If you're afraid
Don't be sorry
Leave no trace
Love the blues away

Blues away

If you're afraid
Don't be sorry
Leave no trace
Love the blues away.
