

Wendy And Lisa, Everything But You

I like it when you talk
It makes me laugh
It makes me cry
It hurts so much
I have to go outside
And keep going

I like it when you laugh
It makes me turn
It makes me cry
It hurts so much
I have to go outside
And keep going

You've got everything I want
I'll take anything you've got
I'll take everything but you

I like it when you scream
It makes me smile
I smile so wide
It hurts so much
I have to go outside
And keep going

You've got everything I want
I'll take anything you've got
I'll take everything but you

I like it when you talk
It makes me laugh
It makes me cry
It hurts so much
I have to go outside
And keep going

You've got everything I want
I'll take anything you've got
I'll take everything but you
Oh no

You've got everything I want
I'll take anything you've got
I'll take everything but you
You've got everything I want
I'll take anything you've got
I'll take everything but you

I'll take everything but you.
