

# Wendy And Lisa, The Life

This is the life  
Everyone has to be somewhere  
I am here  
Testing a dream  
The pressure of dreams is  
The killer of dreams

And it only gets harder  
And it only gets harder

This is the life  
Everyone has to do something  
I am here  
Doing what I do best  
Fearing that worry  
Will trigger all my fears

And it only gets harder  
And it only gets harder

(How did I get so serious)

Time is the monster  
All of us fight the same monster  
To win  
I scream when I breath  
But, this is the life  
This is the life  
This is the life
