

Wendy O. Williams, Ready To Rock

Come on, let it go, we're gonna rock tonight
If you don't know how I'll show you how
We're gonna rock tonight
Hey get with it, we're gonna rock tonight
All together, we're gonna rock tonight

Hey, let's go, yeah, are you ready to rock (ready to rock) ?

Make some noise, start to feel, give everything you can
Gonna rock all day, gonna rock all night
Rock till we can't stand
Hey get with it, we're gonna rock tonight
All together, we're gonna rock tonight

Hey, let's go, yeah, are you ready to rock?

Not feeling free? come rock with me
Don't hold nothing back
Come on let's get loose, let's bump and groan
Full speed down the track

Hey, let's go, are you ready to rock?
