

Wenlock, Call Of The Magician

I feel life is not too old
One bad twist for your old love
Gotta see some woman or where is your mind
Do you kiss me and kiss my joy

So one less for one please it's worth
Still won't shop at sessor ride
You baby miss dropisplit
Your money stress so clubbing myself

(guitar music)

We called yacht, sent to you
But you can to a way worth
You can to go lie out
But you cannot bathe

Listen to the cold for you
But you hold Jeffrey niche
Get in five and off the Jim
Wanna street her, just like me

(guitar music, and change in music)

Call magicians
Call magicians
Call magicians
Yeah, yeah (3 more times)

yeah
