

# Werd N Deeko, Braveheart

[Intro:]

[Braveheart Movie Sample]

Sons of Scotland

What would you do without freedom?

Will you fight?

Fight and you may die,

Run and you will live,

At least a while...

And dying in your beds,

Many years from now, would you be willing to trade,

All the days from this day to that

For one chance just one chance

To come back here and tell our enemys

That you may take our lifes

But you'l never take our freedom

[Deeko:]

My name is D double E to the K O

And I've been writing rap songs since a day old

A guess even back then you could say oh

That's that boy with the I'll type slick flow

Fresh outa Portobello spitting that fire

Always wanted to be a rapper until the day I retired

Flyer than a helicopter shooting civilians

Like troops out in Irque am making a Killing

In the Game now

Not Eminem But similar skin color

Same feelings towards my mother (Bitch)

A check rappers like am writing on chessboards

The boy Steve told me 'Deek kill them and destroy'

So that's What a will do

Take you back to the boy with the shit shoes

Fastforward to the mic and the Pro-tools

So let me show you crews what a do to dismember you

Cut up you actors like a fucking film editor

[Werd:]

Allow me to re-introduce myself my name is Werd

The one and only

Used to rap pretty good That's the old me

A Guess now am so dope a could O.D.

S.O.S. joint CEO (Werd)

Out of Edinburgh spitting that fire

A be that new cunt taking it higher

Tierd of these fakers all spitting the same

A got a flow that's insain care for the name

(That's right Werd)

And I'm gonna get payed

So Girls grab the fella wanna switch like Cinderella

But me make cheddar that's a little far feached huh

My mate Deeko told me stick in and they'l check this

So that's what I will do take rap and start a checklist

Score off what we get like fans cash ect

A told you dudes what I do so respect this

Spit hot as the Sahara so rap a won't desert this
