Fuck the bizzies bitch it Edinburgh city

Came a long way

From back in the day

Right now a concentrate on

This fucking rap game

This is our mixtape

Got the pen give me the paper a'l sign

Am nineteen but I've skills

Got the pen give me the paper a'l sign

Fuck this rap shit am staying on the chav shit

[Werd:]

Fucking tell them Deeko

[Deeko:]

This isn't rap Werd what's going on now

I see the throne in my sight

So best believe I will go for the crown

All my buddies got my back keep on holding me down

The haters don't want me to rise keep on holding me down

(They watched me)

Through binoculars they trying to stop me

They want me gone cause their girlfriend said that am too cocky

Is Deek back you god damn right the new Rocky

About to attack rappers chew them up like toffee

So fuck them

If you want me a could lyrically punish them

With once glance a could send an army to hunt for them

They trying to be a dick watch me making a cunt of them

My beefs like my football boots (how) I'm done with them

Underrated till a upgraded to number one spot

Me and Werd joint first like what he has when he wakes up

Get seldom tired of rappers bringing my name up

Unless it's props you making a foul now your games up

[Werd:]

Heard the news I'm in my prime it's prime time

Prime mate evolved a little quicker than time lines

Predicted ad have a primitive mind but find

When son shine a get it popping like gun crime

Yeah come stoned and rock shows

Plus am so tight that blood you can't flow

Yeah a kick it like a strike in a match

Bring fire like am striking a match

And I could pull you out the seat of that Seat (You see that)

Hit you right where your nose be at (You Be-atch)

Yeah you know where we at

Top right of the map

We're top Writers and you lost like your needing a map

Or a compos fuck it we are guys we come first

Your like little girls and fucking with men hurts

How do a have to spell it out for dumb fucks

[DJ scratch]

[Deeko:]

S.O.S. fuckers right now and all day
