

Wes Carr, You

Got guitars I have never played
Every Elvis album ever made
Got the cars that I should learn to drive
could have a house that would blow your mind
You can take what I got cause I dont got nothing
worth havin I if I aint got you
You can take what you want cause I dont want nothing
Im nothing, if I dont have you
Yeah
Ive been to places all around the world
Ive seen the faces of so many girls
never thought I would fall in love
and with the songs I write Im not enough
You can have what I got cause I dont got nothing worth havin
if I aint got you
You can take what you want cause I dont want nothing
Im nothing if I dont have you
I could say but Im nothing if I dont have you
You can have what I got cause I dont got nothing worth havin
if I aint got you
Just send me away
Dont need my sorrow
If Im broke, Ill borrow
Just send me a smile
as long as your here by my side
Take what you want baby
Aint got nothing aint got nothing but you now
Take what you want baby
Aint got nothing, I aint got nothing
You can take what I got cause I dont got nothing worth having
if I aint got you
You can take what you want
Cause I dont want nothin
Im nothin if I dont have you
You can take what I got cause I dont got nothing worth having
if I aint got you
You can take what you want cause I dont want nothin
Im nothin if I dont have you
Take what you want
Aint got nothing, aint got nothing you baby
You can take what you want
Im nothin
Im nothin if I dont have you
