

Western Disco, The Sun (Feat. Lura)

Lost somewhere in the morning
One in a million lights
All that I know about everything
Rising in your eyes

Like the sky the sun in my eyes
Blinded by the fires of the summer
Sun away son of the light
Sun is up sun is the life

Sun away, sun up the light
Sun is up, sun is the life
Sun away, sun up the light
Sun is up, sun is the life
Sun away, sun of the light
Sun is up sun is the life
Sun away, sun of the light
Sun is up sun is the life

Keep me warm, keep me safe
In my dream, in my dreams

Like the sky the sun in my eyes
Blinded by the fires of the summer
Sun away son of the light
Sun is up sun is the life

Sun away, sun up the light
Sun is up, sun is the life
Sun away, sun up the light
Sun is up, sun is the life
Sun away, sun of the light
Sun is up sun is the life
Sun away, sun of the light
Sun is up sun is the life
