

Westlife, I Don't Wanna Fight

I cant sleep
everything i ever knew
is a lie, without you

I cant breathe
When my heart is broke in two
There's no beat
Without you

You're not gone, but you're not here
Is this the way it seems tonight
If we could try to end these wars
I know that we can make it right
Cause baby

I don't wanna fight no more
I forgot what we were fighting for
And as lonely as its in my heart
Won't let me be apart from you

I don't wanna have to try
Girl to live without you in my life
So, I'm hoping we can start tonight
Cause I don't wanna fight, no more

How can I live
When everything that I adore
And everything I'm living for
Girl its in you

I can't dream
Sleepless nights have got me by
The only dream I've ever had
Is being with you

I know that we can make it right
Its gonna take a little time
Lets not leave ourselves with no way out
Lets not cross that line (that line)

I don't wanna fight no more
I forgot what we were fighting for
And as lonely as its in my heart
Won't let me be apart from you

I don't wanna have to try
Girl to live without you in my life
So, I'm hoping we can start tonight
Cause I don't wanna fight, no more

Remember that, I made a vow
That I will never let you go
I meant it then, I mean it now
And I wanna tell you so

I don't wanna fight no more (oh no)
I forgot what we were fighting for
And as lonely as its in my heart
Won't let me be apart from you

I don't wanna have to try
Girl to live without you in my life
So, I'm hoping we can start tonight (can we start)
Cause i don't wanna fight, no more

I don't wanna fight no more
I forgot what we were fighting for
And as lonely as its in my heart
Won't let me be apart from you

I don't wanna have to try
Girl to live without you in my life
So, I'm hoping we can start tonight
Cause I dont wanna fight, no more

Its a lie, without you, without you
