

# Westlife, I Need You

I don't know why  
Why I did those things to you  
What went through my mind  
And I don't know why  
Why I broke your heart in two  
Guess that I was blind  
Baby how I wish you could forgive me  
One more time  
::Chorus::  
And I swear  
I'll be there  
Anytime you want me to  
I'll be true  
Here to you  
Don't leave me lonely  
Cos I need you  
I've been a fool  
Now I can see the price to pay  
I can't run and hide  
Cos I'm losing you  
And my chances slipped away  
With each time I lied  
Baby how I wish you could forgive me  
One more time  
::Repeat Chorus::  
Baby living without you  
Will tear me apart  
When I know how it could have been  
But I don't care what it leads to  
Let's make a new start  
And give love a chance to win cos  
Baby I swear  
::Repeat Chorus::  
Baby baby I swear to you  
Anytime you want me too  
Baby baby here for you
