

Westlife, On My Shoulder

Nah nahnah nah nahnah
All around the world
All around the world
Someone needs somebody
Let it be a shield
All around the world
All around the world
Someone's feeling lonely
But I know you never will

[ALL]

Cause when it all gets too much
Put your head down on my shoulder
A little warmth when it gets colder
Now I don't know the things that you're going through
But you can put your head down
On my shoulder
Where the storm is it blows over
I know you're there for me too
No I'll be there for you

[BRYAN]

You're waiting for a change
You're waiting for the day
When all that you remember is with you once again
There's a long road ahead
Stretches out for miles
And if you want some company
Walk with me a while
Ohh and when the road gets too rough

[ALL]

You can put your head down on my shoulder
A little warmth when it gets colder
I don't know the things that you're going through
But you can put your head down
On my shoulder
Where the storm is it blows over
I know you're there for me too
So I'll be there for you, for you, for you, yeah, oooh

[SHANE]

When it all..gets... too... much...

[ALL]

Put your head on my shoulder, on my shoulder
Your head on my shoulder, on my shoulder
Put your head on my shoulder, now

Oooh, you can put your head on my shoulder
Put your head on my shoulder
Put your head on my shoulder, now

Oooh, put your head on my shoulder
A little warmth when it gets colder, Put your head on my shoulder
I don't know the things that you're going through, Put your head on my shoulder

Baby, put your head on my shoulder
Where the storm is it blows over, Put your head on my shoulder
I know your there for me too, Put your head on my shoulder
So I'll be there for you

Nahnah nahh nah nahnaah nah nah nah
