

Westlife, Thank you

I want to thank you very much
Thank you for lending me your love
Now Im levitating cause I feel like ive been waiting for a lifetime for your touch
Cause now Im six feet off the ground
And I may never come back down
Yeah, cause I still feel your kiss
Its on my lips
And I keep wishing
Youd come back around
When you came along (when you came along)
Girl you saved me from (you know you saved me from)
Ordinary days (yeah)
You left me with your touch
So thank you very much
Thank you very much
I want to thank you for this smile
Although to say this much is usually not my style
I was sleeping, yesterday you gave my world a shake
And my eyes are open wide
Cant believe its true (I cant believe its true)
Ive been kissing you (cause ive been kissing you)
Now everything I do (everything comes)
Everything comes second to your touch
So thank you very much
I wanna say thank you very much
Good God. There I was. Then you came (imagine my surprise)
Some say less is more, but Im not sure
Cause I cant say goodbye
Some day I may fall, but till that day
Ill be feeling high, so high, yeah, yeah,
Thank you very much,
I wanna thank you for the love that you gave me
Cause its all in your touch
Outro
I got to feel it girl you could be my world

Good God. There I was. Then you came, (imagine my surprise)
Some say less is more, but Im not sure
