

Westlife, To be loved

The song of a little bird
The joy in three little words
I know it's real

That's how it feels
To be loved by you
The stars from a midnight sky
The melody from a lullaby

There's nothing real
That I wouldn't steal
To be loved by you

[Chorus]

To be loved by you
If everybody knows
It's only 'cause it shows
A smile to put you on a high
A kiss that sets your soul alight
Would it be all right if I spent tonight
Being loved by you

[Chorus]

Your love is released
And you move me with ease
And you rescue me time after time
Oh Oh you give your all
And you take it all in your stride
Oh with all the power of a symphony
That's how my heart beats when you're holding me
I can't conceal, this is how it feels

To be loved by you

Oh yeah, to be loved by you
If everybody knows, it's only 'cause it shows
Because I take your love, Everywhere I go
I know what it is I need, it's clear as a shallow stream
It's as it seems, my only dreams
To be loved by you
