

Westlife, To be loved

The song of a little bird
The joy in three little words
I know it's real

That's how it feels
To be loved by you
The stars from a midnight sky

The melody from a lullaby

There's nothing real

That I wouldn't steal

To be loved by you

[Chorus]

To be loved by you

If everybody knows

It's only 'cause it shows

A smile to put you on a high

A kiss that sets your soul alight

Would it be all right if I spent tonight

Being loved by you

[Chorus]

Your love is released

And you move me with ease

And you rescue me time after time

Oh Oh you give your all

And you take it all in your stride

Oh with all the power of a symphony

That's how my heart beats when you're holding me

I can't conceal, this is how it feels

To be loved by you

Oh yeah, to be loved by you

If everybody knows, it's only 'cause it shows

Because I take your love, Everywhere I go

I know what it is I need, it's clear as a shallow stream

It's as it seems, my only dreams

To be loved by you
