

# Westlife, Tunnle Of Love

I've made up my mind  
I gonna follow  
I'm no longer blind  
No longer hollow  
Since I met you  
My life is upside down  
Oh yeah

They say once in a lifetime  
Out of the blue  
There comes an angel  
I know it's you

Chorus:  
Yes I'm ready to go through the tunnle of love  
Yes I'm ready to be all you're dreaming of  
So I swear to you now and to the stars above  
Let's walk through the tunnle of love

I want you to know  
For the first time  
I now where to go  
For the first time  
I'm not afraid  
To open up my heart  
Oh no  
They say

Once in a life time  
Out of the blue  
There comes an angel  
I know it's you

Chorus

Light of my life keep shining baby  
Light of my life ooh

Once in a lifetime  
Out of the blue  
There comes an angel  
I know it's you

No one has touched me like you  
Yes I want you baby  
No one, oh, no one have loved me so true

Chorus

Oh oh yeah  
Oh yeah  
So I swear to you now and to the stars above  
Let's walk through the tunnle of love
