

# Westworld, Misery Loves Company

Looking for a light  
Just a little sunshine for my soul  
I'm sick of everything  
And I don't want to die here  
In this hole  
Oh no

It's always give and take  
Mend and break put out the fires  
That's the way life is  
We talk in dreams -  
Are we just liars?  
I don't want to say when I'm old  
I never really tried

I could find another me  
You could find another you  
Turn this whole thing around  
Have a different point of view  
If they say it can't be done  
They're just scared it might be true  
It's just misery loves company  
So I'm trying something new  
(I've got better things to do)

Don't tell anyone  
Keep it to yourself until it's real  
And if they ask you why  
Tell 'em that it's really no big deal

It's always win or lose  
If you choose to be that shallow  
That's the way it is  
But they don't know  
'cause they just follow  
I don't want to say to my children  
Daddy could have been....

I could find another me  
You could find another you  
Turn this whole thing around  
Have a different point of view  
If they say it can't be done  
They're just scared it might be true  
It's just misery loves company  
So I'm trying something new

Well you gotta believe it  
Before you can see it  
And if you can't even dream it  
Then you'll never unleash it  
And if you say it, better mean it  
If you really wanna be it  
Yeah you you gotta believe it  
Oh before you can see it

It's always win or lose  
If you choose to be that shallow  
That's the way it is  
But they don't know  
'cause they just follow  
I don't want to say to my children  
You know Daddy could have been....

I could find another me  
You could find another you  
Turn this whole thing around  
Have a different point of view  
If they say it can't be done  
They're just scared it might be true  
It's just misery loves company  
So I'm trying something new
