

# Wet Leg, Being In Love

I need a lie down  
Only just got up  
I feel so uninspired  
I feel like giving up  
I feel like someone has  
Punched me in the guts  
But I kinda like it 'cause it feels like being in love

Being in love  
Being in love  
Being in love

I lost my appetite  
I cannot sleep at night  
I cannot concentrate  
I do not feel too great  
The world is caving in  
And I'm kinda struggling  
But I kinda like it 'cause it feels like being in love

Being in love  
Being in love  
Being in love  
Being in la la la la la la la la la  
La la la la la la la la

I tried to meditate but I just medicate  
Pour me another drink  
Don't wanna have to think  
I think I lost my shit  
Some kinda fucked up trip  
But I kinda like it 'cause it feels like being in love

Being in love  
Being in love  
Being in love  
Being in love  
Being in la la la la la la la la la  
La la la la la la la la
