

Wet Leg, I Don't Wanna Go Out

I don't wanna go out, it's been getting me down
Get me down
Get me down
Get me down
Get me down
Get me down

I have to find a way out of the plans that I made in the past
All too fast
Force quit that's it, that's it
Control, alt, delete

It used to be so fun, now everything just feels dumb, I wish I could care
And now I'm almost twenty-eight, still getting off my stupid face
A fucking nightmare, I know I should care
Right now I don't care

It all used to be fun, now you're swinging a gun 'round your head
Seeing red, can you please repeat what you just said?
Or leave a message at the beep
Because I do not have time to try to understand why you do what you like
But it never really turns out right
At least we are all going to die

It used to be so fun, now everything just feels dumb, I wish I could care
And now I'm almost twenty-eight, still getting off my stupid face
A fucking nightmare, I know I should care
Right now I don't care

Oh yeah - I heard that you started a band
Oh yeah - I heard that you moved to LA
Oh yeah - are you gonna stay young forever?
You said yeah and I just walk away

It used to be so fun, now everything just feels dumb, I wish I could care
And now I'm almost 28, still getting off my stupid face
A fucking nightmare, I know I should care
Right now I don't care
