

Wet Leg, Supermarket

I want to take you to the supermarket
I wanna buy you all the shit that you need, I think I like it at the supermarket
But now security keep asking us to leave

We got too high
We got too high
We got too high
We got too high, high, high, high, high

I want to take you back to meet my parents
I wanna tell them 'bout that job that you do
And I think you'll like it when you meet my parents
And I think there was a good chance of them liking you

But you got too high
You got too high
You got too high
You got too high, high, high, high, high

I want to take you to the supermarket
I wanna shop it 'til I'm weak at the knees
And there's special offers at the supermarket
Well the last time I was picking up, it was buy one get one free

Now I'm too high
We got too high
We got too high
We got too high (High!)

We got too High (High!) High (High!)
High (High!)
High (High!)
High (High!)
High (High!)
High (High!)
High (High!)
High, high, high, high, high
We got too high, high, high, high, high, high
