

Wet Wet Wet, Celebration

Modern love
It's a funny thing
It's full of diamonds
And a pretty ring
But it's gonna get me
Oh it's gonna get me
Get me so down

Summer loving
Makes me freeze
It leaves me standing
In a cold, cold breeze
So I'm gonna get me
Get me outa town and stop wasting time

Everytime I look into her eyes
They're filled with such emotion
They're filled with such emotion
I don't want to keep on waiting starting my own celebration

Sisters loving
It's a strong, strong thing
It's never ending
And I don't need no diamond ring
But it won't leave them
In a cold cold time
These are difficult times to be celebrating
