

# Wet Wet Wet, Ordinary love

Sometimes love dont always grow so easy  
Sometimes its in every port of call  
Lying in-between the sheets  
Or even walking in the streets  
And you just put me with those other guys  
Cos I aint looking for no ordinary love  
No ordinary love  
Love comes into my city  
Sitting right at night  
It makes my grey clouds disappear  
I think its summertime all year  
But I had all the town, all of the town, all of the town  
Even that Im looking for it all  
All Im looking for is ordinary love  
Yeah  
I dont want no ordinary love  
Sometimes love dont always go so easy (easy)  
Sometimes its in every port of call  
Lying in-between the sheets  
Or even dancing cheek to cheek  
And you just put with those other guys  
I aint looking for no ordinary love  
Ordinary love  
Alright, take it easy
