

Wet Wet Wet, Party city

Finding yourself ain't easy
Someone's got the boots on you,.yeah
Spend my nights, with not to please me
This is what I'm gonna do
I'm gonna take you higher
Taking you higher, taking you higher
Than you've ever been before
Take you higher, taking you higher
Taking your higher
Than you've ever been before
I'm tired of chasing the rest of the crowd around
Gonna break up this party, but don't wear no party gowns
Find I'm taking a ?????, won't it be so good
So high like I feel I could fly, when to Party City
Where the good girls go so pretty
Live my life looking down a pistol
Wondering what was in my head
Look a down here
Look down there
Look a down everywhere
And just to love my pretty
I take you higher, higher, higher
Than you've ever been before
I'm tired of chasing the rest of this crowd around
Gonna break up this party, so don't wear no party gown
Don't know what you're gonna miss in the garpol lounge
Yes I feel so high, like I feel I could fly
Yeah
To party city
The girls are all so pretty
Are you blind to see desires
Hey yeah, I am inclined to seek desires, yeah
In party city
Where the girls are oh so pretty
Waking up and finding myself ain't easy
Someones gotta pick you
Spend my nights but not to please me
So what else can I do
I'm tired of chasing the rest of this crowd around
Gonna break up this party, so don't wear no party gowns
You know that I'm tired of chasing this crowd around
So I'm gonna break down this party, break down this party
I'm tired of chasing the rest of this crowd around
Gonna break up this party, so don't you wear no party gown
I'm tired of chasing the rest of this crowd around
Gonna break up this party
