

# Wet Wet Wet, Words Of Wisdom

Some stupid things thrill a lot of my life  
Like the feeling I want to get to know you better

If you're in my heart  
Say I could and you would  
But you might and you shouldn't  
No I can't go on  
Singing this love isn't strong

Until I seek your words of wisdom  
Until I seek your words of wisdom

You may wear your heart on your sleeve  
But vicious lies only tease me  
Every eye open is not seeing  
Every eye closed

If you're in my heart  
Say I could and you would  
But you might and you shouldn't  
No I can't go on singing this love isn't strong

Until I seek your words of wisdom  
Until I seek your words of wisdom
