

Weta, If I Will I Can

I don't know whether to change my mind and think about tomorrow
Leaving all of these wounds behind to stay inside today
Don't know whether to waste my time and leave for home tomorrow
'Cause being here is the only way to see the light of day

If I will I can
'Cause I know it's the only way
If I see I'll do

Think about all the times we had as we sat around in circles
Talking 'bout all the lonely times and places in the dreams
Yes I think I can understand so take my hand and let go
Just sit here ? just lay me down so get up stand up and move on

If I will I can
'Cause I know it's the only way
If I see I'll do

If it had changed my mind
The more you think, the more you bleed
The more you think, the more you bleed

If it'd waste no time

Yeah
Yeah
Yeah
Yeah
Yeah

Don't know whether to change my mind
So let's stop fussing and wasting time
Don't know whether to change my mind
So let's stop fussing and wasting time

If I will I can (don't know whether to change my mind)
'Cause I know it's the only way (so let's stop fussing and wasting time)
If I will I can (don't know whether to change my mind)
'Cause I know it's the only way (so let's stop fussing and wasting time)

If I see I'll do
