

Whatever It Takes, Life, Voice, Action, Change

it seems today
and it is so sad to say
people and their differences
build up like brick walls...

wether color of skin
or sexual preference of a human
one can only take so much...

(Chorus:)
it takes LIFE
for this to begin
we raise out VOICE raise up and sing in,
ACTION to bring
CHANGE

(Bridge:)
I'm not wasting my time
with bullshit and lies
you're talking too much
I wont waste my time
so I raise my voice
and I raise my fist
ill see you in the end
