

Whatever It Takes, Sea Of Promise

(Chorus)

hey-steadfast-sails up
hey-like a ship rolling out
hey-to see the world
and change it

(Verse)

armed, all systems go
picking up passengers, as we roll
who are stranded at sea
and looking for a new home

the finest crew
will lend their hands
no captains, no swelled heads
a ship still rollin full steam ahead

(Pre Chorus)

as we steam forward
stop only to lend our hands

we are not looking back

(Bridge)

our sea of hopes and dreams
of 1 world culture and unified scenes

raging waters
of life long struggle
unforgiving waters,
taking lives of our sisters and brothers
to swim is all we have

!!!keep your head above the water!!!
