

# Wheat, Don't I Hold You

And don't I hold you like you want to be held?  
And don't I treat you like you want?  
And don't I love you like you want to be loved  
And you're running away  
What's your name  
Like I'm in the way

And don't I hold you like you want to be held?  
Don't I please you like you want?  
And don't I love you like you want to be loved  
And you're running away  
What's your name  
Like I'm in the way  
We waste too much time

Don't I  
Don't I  
Don't I  
Don't I hold you like you want?
