

# Wheatus, I'd never write a song about you

I don't get to see you that often  
Here we are a again  
And it's Christmas Time  
When you flirt you are relentless  
How I love to be defenseles  
Once again you're corner me  
Once again I do believe

Chorus:

That I'd never write a song about  
All the same  
You play your game  
Till you boyfriend looks over  
No I'd never write a song about you  
Cause it shows

I think he knows

That you're taking me over again  
Roll it back again to the beginning  
You're all up in my grill

And it's Halloween

You think you're cute without you costum  
And you caught me in the front room  
You said you don't like my attitude  
I bet your boyfriends thinks it's rude

Chorus

You don't seem to like my new girlfriend  
But know it's not the same

Cause I won't play your game

You say it doesn't matter

That you hold an me a shadow

Once again you corner me

Once again I do believe

That I'd never write a song about you (repeat)

Chorus
