

# Wheatus, The song that

Hey There Mr. Marlboro Man  
What you gonna do  
When there's nobody left  
But yer smoke choking self to abuse  
Hey There Mr. C.E.O. Man  
Who you gonna be  
When yer daughter and me  
Hop the first cheap flight to Figi or Pari  
There you go telling me how I feel again  
There you go telling me what you need again  
There you go again telling me how to be again  
Just like you  
Ain't it true

## CHORUS:

Just like that nasty King Kong  
Cock strong and half a block long  
There weren't nothin' as strong  
As the song that I wrote when you dissed me  
Hey There Mr. Fraternaty Boy  
Whatcha gonna say  
When its time to admit  
To yer family 'n' shit  
That yer gay, anyway  
Hey There, Mr. Head-in-the-clouds  
Look what I found  
On the tape of the rape  
And you ask how I found  
How profound, pass around

## CHORUS

And everything alright  
Leave it alone tonight  
Everythings ok  
Just tell yer Mom yer gay
