

Wheel Catherine, Our Friend Joey

Bury myself on a bed of nails
Killing myself cause it never fails
With you
I've gotta get all of you
I've gotta get all of you
I only want all of you
I've gotta get all of you
Always goad ???
You never try
I wish you would
I don't know why
Understand the need to rush
Am I wanting far too much
Killing myself on a foolish dream
Killing myself cause I want to be with you
I've gotta get all of you
I've gotta get all of you
I only want all of you
I've gotta get all of you
I've gotta get all of you
I've gotta get all of you
I only want all of you
I've gotta get all of you
