

# Wheel Catherine, Spin

You've been so alone  
You haven't found me at all  
And I find it so hard  
I find it so dark  
It's time  
It's time  
It's what you say now  
It's what you say now  
It's what you say now  
I've been so cold  
I'd hear you're hurting alone ???  
But it's getting so long  
Where have you gone  
It's time  
It's time  
It's what you say now  
It's what you say now  
It's what you say now  
It's what you say now  
It's what you, you say now ???
