

Wheel Catherine, Upside Down

Life turns you upside down
You know I'm not shaking
But you always bring me down
Before I'm hanging upside down
She knows I can't take it
I can't take it
Life turns you inside out
You know I'm not faking
But you always bring me around
Before I'm hanging upside down
She knows I can't take it
I can't take it
I can't take it
