

Whigfield, Givin all my love

I need a time of the time
Now that I'm sure you're mine
There's nothing better to do
Nothing like givin' all my love, givin' all my love to you
I love you night after night
You're gonna treat me right
There's nothing better to do
Nothing like givin' all my love, givin' all my love to you
You make me feel sleazy
You never make me cry
I think I know that you need me
I want to hear you say that you're mine
I need a time of the time
Now that I'm sure you're mine
There's nothing better to do
Nothing like givin' all my love, givin' all my love to you
I love you night after night
You're gonna treat me right
There's nothing better to do
Nothing like givin' all my love, givin' all my love to you
And when you undress me
You make my body sing
And how you tease and obsess me
Making my heart beat do anything
I need a time of the time
Now that I'm sure you're mine
There's nothing better to do
Nothing like givin' all my love, givin' all my love to you
I love you night after night
You're gonna treat me right
There's nothing better to do
Nothing like givin' all my love, givin' all my love to you
Time after time, eh
Night after night, hey-yeah
Time after time, eh
Night after night, hey-yeah
Time after time, eh
Night after night, hey-yeah
Time after time, eh
Night after night
I need a time of the time eh
Now that I'm sure you're mine hey-yeah
There's nothing better to do
Nothing like givin' all my love, givin' all my love to you
I love you night after night
You're gonna treat me right hey-yeah
There's nothing better to do
Nothing like givin' all my love, givin' all my love to you
