

Whigfield, Gotta Getcha By Whigfield

Listen Up

Gotta Getcha for me now, oh oh
I know i Gotta Getcha for me now, oh oh

I know i wah ah ah ah ah
I know i wah ah ah ah ah
I know i wah ah ah ah ah

Life, life could be fine
Doing things together
Any kind of weather
Don't waste precious time
Making hearts surrender
Get it on together
I, i always knew
We were for each other
Living to discover
Dreams, really come true
Nothing could be better
So get it together

Gotta getcha for me now - oh oh
I Know I gotta getcha for me now - oh oh

You, in my embrace
Something to remember
Love you to surrender
There, right in your face
I can hear you calling
A new day is dawning
Day after sweet day
We will love each other
Living to discover
Dreams, really can stay
Nothing could be better
So get it together

Gotta getcha for me now - oh oh
I Know I gotta getcha for me now - oh oh
I Know I gotta getcha your love somehow - Oooh baby
I Know I gotta getcha for me now - oh oh

Locked inside a moment
When you feel a little lonely
Well now I have the remedy
Why don't you spend some with me
It's not so very hard to do
Just look at me, say I love you
I really think I care for you
Come on it's really easy

Yeah, yeah, yeah, yeah, yeah

Gotta getcha for me now
Gotta getcha now
I Know I gotta getcha your love somehow - oh oh
I Know I gotta getcha for me now - oh oh
Ooh baby gotta getcha now
