

Whigfield, Makin my day

Ooo wow oh oh - wow oh

Ooo wow oh oh - wow oh

Ooo wow oh oh - wow oh

Ooo wow oh oh - wow oh

Ooo wow oh oh - wow oh

Ooo wow oh oh - wow oh

I little love and a little care, so much love that I
see in bare

so open up - won't you let it all out, cos what you
feel, there's no doubt

Just a kiss and a little squeeze, is what I need for
the angel near me

and down inside here we're feeling so fine, you feel
so happy and smile

Come on baby, you're makin' my day, let's do it all
forever, don't you go away

Come on baby, you're makin' my day, let's get it on
together, you got to stay

Come on baby, you're making my day, you make me feel
so happy, I feel I could fly

Come on baby, you're making my day, a wonderful
sensation, it feels tonight

A little word whispered in my ear, say anything just
to keep me near

Show the emotion you feel inside you, because I'm
feeling it too

aha - Just a smile and a little love, can mash away
all the clouds above

look to my heart and you're gonna see, maybe it's you,
you that I need

Come on baby, you're makin' my day, let's do it all
forever, don't you go away

Come on baby, you're makin' my day, let's get it on
together, you got to stay

Come on baby, you're making my day, you make me feel
so happy, I feel I could fly

Come on baby, you're making my day, a wonderful
sensation, it feels tonight - oh oh

Ooo wow oh oh - wow oh

Ooo wow oh oh - wow oh

Ooo wow oh oh - wow oh

Ooo wow oh oh - wow oh

Come on baby, you're makin' my day, let's do it all
forever, don't you go away

Come on baby, you're makin' my day, let's get it on
together, you got to stay

Come on baby, you're making my day, you make me feel
so happy, I feel I could fly

Come on baby, you're making my day, a wonderful
sensation, it feels tonight - oh oh
