

Whippersnapper, Wrong Or Right

You used to think you knew it all
You used to stand so proud and tall
until the day you found that everything can change
just take it easy, take it one step at a time
If you can't have everything
you don't want anything at all
Is this wrong or right?
In all the questions that you ask
a silent longing for the past
that's when you say things were
the way they should've been made
peace with everyone,
everyone except yourself
don't try to lie to me I know you all too well
Is this wrong or right?
Someone is watching this other life, this part of me.
