

# Whiskey Rebels, Streets Gave You To Me

I got love and bitterness tattooed on my wrist  
All I ever wanted was happiness  
Clench my fingers and ball my fists  
Throw my 40 down, I'm pissed!  
I need an injection of love, baby, just a taste  
Before I die from a case of hate  
Streets gave you to me  
All bets off, you're all that I can see  
I don't give a fuck  
So tell me, tell me, tell me you're the one now  
Streets gave you to me  
All bets off, you're all that I can see  
I don't give a fuck  
So tell me, tell me, tell me you're the one now  
GO!  
2 summers pass, it was rough but we last  
Maybe I found happiness that lasts  
Put a ring on your finger that night  
Streets gave something back cuz I gave them my life!  
Found redemption before it was too late  
When I met you I knew that it was fate  
Oh Yeah!  
Streets gave you to me  
All bets off, you're all that I can see  
I don't give a fuck  
So tell me, tell me, tell me you're the one now  
Streets gave you to me  
All bets off, you're all that I can see  
I don't give a fuck  
So tell me, tell me, tell me you're the one now  
For Me!  
FOR ME!!!  
Tell me you're the one  
Tell me you're the one for me!  
Tell me you're the one  
Tell me you're the one for me!  
Tell me you're the one  
Tell me you're the one for me!  
Tell me you're the one  
TELL ME YOU'RE THE ONE FOR ME!!!
