

# Whispering, Your Shapeless Body

Like a dance in the wind.  
I float on the soft air,  
Towards the tide of mankind.  
One with my mind.  
One with your mind.  
Lying on my back watching,  
The heavy rain-clouds passing.  
Like a ship filled with tears.  
In my mind oceans collide...  
And the worlds drifting apart.  
Into a sunset of emptiness.  
I Can hear your calls...  
I Can hear your screams...  
I Can feel your cries inside...  
I can hear your cries inside.  
Now I'm drowning in infinitive tears,  
Like drifting on the clouds by the wind.  
In a dream that will last forever...  
Or shall I awaken at your side.  
When I enter my subconscious.  
Your voice whispers to me.  
Calls out my name in silence.  
Like a soft kiss in the rain.  
How I love the sound of your voice  
And the calmness of your heart.  
It fills my body with such tenderness.  
Like a sweet cloud of incense.  
To drift off with you into the sea.  
Dance upon the waves of yesterday.  
Like a dream of never-ending beauty.  
Love never dies...
