

# Whispertown2000, Restless

Restless, sweet, restless, young, restless, old soul  
breathless, sweet, breathless, young, breathless, old soul  
heart to beat, I got a hole to breathe  
you need a wrinkle in my time  
tug at my sleeve, I got a heart that leaves  
just like the winter do to trees  
one foot in the grave but I got two foot on the pavement yeah  
just like the trees do come springtime  
one foot in the grave but I got two foot on the pavement yeah  
restless, sweet, reckless, you're reckless on me  
let this, sweet, let this, please, let this gain speed  
mouth to feed , I got a garden of green  
just like a grapevine don't get wine  
but I'm onna ride the breeze, I'll be an anti-disease  
just like the trees do come springtime  
one foot in the grave but I got two foot on the pavement yeah  
I don't wanna believe what they say bout growin' old  
I don't wanna believe what they say  
I know one foot on the grave but I got two foot on the pavement  
yeah, uh huh

cauliflower.
