

# White Kaps, Lucky 4 Me

Save the good things for my eulogy  
Save the good things that I'll never see  
Save the good things and try to be sincere  
Save the good things I'll leave you with your fear  
How is it I threaten you? Why are you afraid of me?  
How is it I threaten you? Why are you afraid of me?  
How is it I threaten you? Why are you afraid of me?  
How is it I threaten you? Why are you afraid of me?  
Afraid of me!

Lucky for me Money's not the cure  
Lucky for me Falwell's not our Fuhrer  
Lucky for me Your brain is not of birds  
Lucky for me Your knife is made of words  
How is it I threaten you? Why are you afraid of me?  
How is it I threaten you? Why are you afraid of me?  
How is it I threaten you? Why are you afraid?  
How is it I threaten you? Why are you afraid of me?  
I'm scared!

Really - are you nuts?  
Do you believe in what you say  
People tell me something new  
They tell me every day  
People  
Everyday people tell me where to go  
People tell me what to do  
What to say, and which way  
Groups and gangs, clubs and such  
They keep talking - it's too much  
It's too much!

Save the good things For my eulogy  
Save the good things that I'll never see  
Save the good things and try to be sincere  
Save the good things I'll leave you with your fear  
Save the good things I'll leave you with your fear  
Save the good things I'll leave you with your fear  
Save the good things I'll leave you with your fear  
Save the good things I'll leave you with your fear
