White Rabbits, Percussion Gun

Well how do you do? The kiss on the cheek Its been a while So III just beg, borrow and steal all your time well crawl dignifed And now it seems to be cut + dry So I know which way to run Youre tired my love I feel the same Well take it from me What else could you do? Where do you get off And how can I get there, too? All your time well call well dignify And now it seems to be cut + dry So I know which way to run Youre tired my love I feel the same Youll never come back My god cant you see that I know which way to run Youre tired my love I feel the same The ... wont speak my name Well if you wanna seee you rise and shine It might not be true but this is fine Cause I know which way to run Youre tired my love I feel the same The ... wont speak my name Now even this were jumping ship Just give me some piece of mind Cause I
