

# Whitesnake, All Or Nothing

Tonights the night  
To come in out of the cold,  
Ive waited such a long, long time  
Im getting out of control.  
All or nothing  
Thats what I want from you,  
Im gonna give you everything I got  
Now what are you gonna do.  
Dont try running away,  
You know you get nothing that way.  
Cos its too late,  
Im gonna prove it to you.  
Too late,  
Ill do what you want me to do.  
Too late,  
You cant run anymore  
Cos its too late for you now.  
My heart is burning  
An the fire is hot,  
My temperature is rising, rising, rising  
Im ready to rock.  
All or nothing  
Im gonna make you see,  
Ive made up my mind, for sure, this time  
Youre gonna spend the night with me.  
So dont try running away,  
You know you get nothing that way.  
Cos its too late,  
Im gonna prove it to you.  
Too late,  
Ill do what you want me to do.  
Too late,  
You cant run anymore  
Cos its too late for you now.  
(Solo)  
So dont try running away,  
You know you get nothing that way.  
Cos its too late,  
Im gonna prove it to you.  
Too late,  
Ill do what you want me to do.  
Too late,  
You cant run anymore  
Cos its too late for you now.  
Too late,  
Im gonna prove it to you.  
Too late,  
Ill do what you want me to do.  
Too late,  
You cant run anymore  
Cos its too late for you now...
