

Whitesnake, Lady Double Dealer

Get outta my way
Im gettin tired of you
There aint no chance
Doin what you wanna do
Ive been down, down, down, down, down
Got to get my feet back on the ground
Lady double dealer
Get outta my way
Lady double dealer
You got nothing to say
I aint satisfied
Dealin with second hand goods
You wanted somethin for nothin
Taking everything you could
You been round - I got the news
But you aint waitin round for me to lose
Lady double dealer
Get outta my way
Lady double dealer
You got nothing to say
I gave love to you
Did what you wanted me to
But all you did was bring me down
So I just had to try
Try to reason why
You took advantage of my love
Two timin woman
Tryin to take me for a ride
Youre a hard lover honey
But you sure dont keep me satisfied
I wanna be there
To try to make you see
There aint no woman gonna make a fool outta me
