

# Whitmore, 29 Times

Never thought that leaving was so hard  
Never thought I could turn away and laugh  
Don't bother phoning 'cause you know I won't be there  
I got a funny feeling that you know that I know I don't care  
Talk to Ezza 'cause you know I don't wanna know

When it's all that he needed  
Did you stay too long?  
And what went wrong?  
When you say that it's incomplected  
Did you stay too long?  
What went wrong?

September 29 you know that you are mine  
But I wanted another for some time  
Always come and meet you  
And I know that I want her  
See her at the weekend  
And I know what I prefer  
Back out on the road  
And I know, I don't wanna know!

What went wrong?
