

Whitney Houston, Feels So Good

You are the first, you'll be the last
To hold me
And from the time we met I knew you would be
'Cause when I'm with you
My heart just beats so fast, so slowly
I can't control myself because only you
Can fulfill my every need
Only you can save me
And with you my heart is running free, babe
Listen to me

CHORUS:

Ooh...when you love me
Feels so right, when you hug me
Ooh...when you love me
Feels so good
Ooh...when you love me
Feels so right, when you hug me
Ooh...when you love me
Feels so good
I've never been in love before
Until now
And anything you know
Won't you show me how
Because I want and need your love, so dearly
And it's my strongest prayer to make you see that
Can fulfill my every need
Only you can save me
And with you my heart is running free, babe
Listen to me
(CHORUS repeat to end)
