

# Whitney Houston, My Name Is Not Susan

One night not long ago  
I fell for you  
Too easy to let go  
She was one from your past  
One of the few  
You said it didn't last

Now Romeo you know I can't believe  
Your tongue would slip so easily  
I know you think I oughta let it be  
But get it right, next time  
That's the end of me

[Chorus:]  
My name is not Susan  
So watch what you say  
If you still need her  
Then be on your way  
Don't wanna hear about Susan  
She's got nothin' on me  
So show some respect for the love you receive  
My name is not Susan  
(No, no, no, no, no -- get it right)

Last night you were asleep  
Deep in a dream  
I heard you call her name  
Then you turned to embrace  
I froze in place  
Never to be the same

Now Romeo you know I never knew  
My heart would bust so easily  
I know you think I oughta let it go  
But get it right next time  
Say good-bye to me boy

[chorus]

I never want to be the girly that you "call" one and only  
You know the kind of girly that you would call when you get lonely  
I never should have let you in,  
A damn shame -- forgot my name!  
Well, anyway

[chorus]

Don't want to hear about Susan  
My name ain't Susan [X3]  
Ya better get it right!
