

# Whitney Houston, Someday (I'm coming back)

Chorus:

Someday I'm coming back, and it won't be long  
Before you call me and tell me to come home  
Someday I'm coming back, and it won't be long  
Before I'm home, home and in your arms  
What did I do my darling ? That made you send me  
running  
Told you to cast me down and throw me out  
What can I tell you honey, If I don't know what  
I've done  
All I can hope is that you ask me to come back  
home

Chorus

Even in stormy weather, we always stick together  
You always kept me near, we're so sincere  
So why so sudden the change of heart  
Why do I feel like I've done wrong ?  
When all that I want is that you ask me to come  
back home

Chorus

Someday, someday (I never wanted anyone so much)  
Someday, someday  
What did I do my darling ? That made you send me  
running  
Told you to cast me down and throw me out  
What can I tell you honey, If I don't know what  
I've done  
All I can hope is that you ask me to come back  
home

So why so sudden the change of heart  
Why do I feel like I've done wrong ?  
When all that I want is that you ask me to come  
back home  
Chorus to fade
