

Why Store, No Matter

No matter what you say
Can't carry the distance
No matter what you say
Can't carry the whole world
No matter what you say
Can't carry the distance
No matter what you say
Can't carry this whole world
You do right by wrong
You do right by wrong
You do right by wrong
You do right in your wrong
You're taking my world away
You're taking my world away
You're taking my world away
Please don't take my world away
Staring at you
Staring at me
Falling on you
When you're falling on me
Dreaming of two
When there's soon to be three
Hoping for hope
When there's none to be seen
You do right by wrong
You do right by wrong
You do right by wrong
You do right in your wrong
No matter what you say
Can't carry the distance
No matter what you say
Can't carry the whole world
No matter what you say
Can't carry the distance
No matter what you say
Can't carry this whole world
You do right by wrong
You do right by wrong
You do right by wrong
You do right in your wrong
